

SATHAPORN KONJANTHES

Educational

2011-2016

B.S.I.Ed., Major of Telecommunications Engineering
Education, Faculty of Industrial Education, King Monkut's
institute of Technology Ladkrabang
Project 3D sound measurement system for convention hall

2016-2020

M.Eng. (Electrical Engineering), Major of Telecommunications
Engineering, Faculty of Engineering, King Monkut's University
of Technology North Bangkok
Thesis Circularly Polarized Elliptical Patch Antenna with
Horizontal Meandered Strip for Universal UHF RFID Reader

Experiences

2013

NavTechCo.,Ltd
Trainee in Department of Research and Development

2015

Nakhonsawan Technical college
practice teacher in Department of Electronic

2017-present

Thai-German Pre Engineering School
Lecturer in Department of Electrical and Electronic

Award

2012

The winner Thailand Field Contest 2012 (HSIEFA)

2014

The winner CQ WW VHF Contest 2014 (E20AW)

2018

second place Student Design Competition Award,
2018 Thailand-Japan MicroWave

Special interest

- Wireless Communication
- Measurements Technology
- Antenna Design
- Circuit Design
